Our New Guide To Rose Culture

1850—82 YEARS IN ROSES—1932

With large, modern equipment, new methods, less elaborate catalogs, this oldest Rose growing firm in America (established 82 years ago) now gives its patrons amazing price reductions. All drastic savings in production and sales goes to the customer, while quality remains high as usual. *We Pay Postage, Satisfaction Guaranteed.*

Fall planting of Roses, first urged by us years ago, has become universally popular. You gain practically a year in results. Plants bloom early, continuously and abundantly, next year. No waiting for early flowers. Try it.

Our Rose fields here on U. S. route No. 1, from Baltimore to Philadelphia, have been a blaze of glory all year. Visitors always welcome. Our acres of greenhouses are open to the public at all times. We have no connection with any other firm in West Grove.

82 years of experience is at your service. Pleasant, honest and satisfactory dealing is your guarantee.

Terms, Guarantee and How We Ship

TERMS—At the bargain prices herein we prepay all shipments by parcel post. Our terms are cash with order. You can open an account or we will ship Parcel Post or Express, C. O. D. Kindly give bank reference. Money may be sent at our risk by Post Office Order, Express Money Order, Bank Draft, Personal Check, Money in Registered Letter. Stamps accepted for less than \$1.00.

GUARANTEE—Complaints as to condition of plants, correct count, anything in connection with shipment, must be made within 10 days after receipt of shipment. All errors and omissions promptly corrected. After that, our responsibility ceases. We strive to have plants true to name but do not guarantee it. Increased postage rates, greatly reduced prices, make it necessary for us to say that no communications beyond complaints will be answered unless a stamped envelope (3c) is enclosed for a reply. Advice cheerfully given, but enclose stamped envelope (3c) please.

PLEASE OBSERVE CAREFULLY—When ordering, please use the order sheet provided for that purpose in back of book. Simply fill up the blanks, giving the number and name of the varieties wanted, with size and price; we will understand.

PLANT POT GROWN ROSES IMMEDIATELY—When freezing weather is at hand, heap soil up around the plants for winter protection, removing a portion of it in the early spring. Ordinary good garden soil is all that you need, with plenty of sunshine; a little well rotted manure or bone meal mixed in the soil is helpful. Our Roses are so healthy they need no petting or coaxing. Plant well down in the earth.

Except where noted. Delivery Postpaid.

Shipped prepaid as soon as dormant, usually about November 10th, direct from the field, soon as dug. Immense plants.

Fall planting of dormant field-grown Roses the last few years has been so strongly advocated by many authorities that some growers ship them only in the Fall.

We are offering these **DORMANT FIELD-GROWN EXTRA HEAVY "DE LUXE" ROSES** at prices very much below the usual prices asked, while the stock in size, vigor and health is absolutely unsurpassed.

This list includes the latest and best varieties in cultivation and all have been grown here in the fertile soil of West Grove and out in the open ground for two years. The best now grown. Immense plants they are.

Plant deep and bank soil up well around the plant for winter protection. Full instruction for planting sent with each order.

REV. F. PAGE ROBERTS—Coppery red buds of great length, opening to golden yellow blooms stained outside with red. Full and double. 75c each.

SOUV. DE CLAUDIUS PERNET—Fine flowers of fadeless yellow. The most sensational rose of recent years.

SOUV. DE GEORGES PERNET—Buds brick red, opening to terracotta pink, blooms of immense size. Very double.

VILLE DE PARIS—Round buds and globular flowers of clear yellow. Not approached by any other color.

IMPERIAL POTENTATE—Dark shining rose pink, lighter on reverse of petals.

DUCHESS OF WELLINGTON—Lovely buds of orange yellow, changing to lemon and lighter shades.

ETOILE DE HOLLAND—Brilliant red blooms of magnificent size.

BETTY UPRICHARD—Carmine colored buds, suffused with orange and coppery carmine.

ETOILE DE FRANCE—Vivid crimson flowers, rounded centers.

FRANCIS SCOTT KEY—Very double of the noblest form, light crimson.

MME. BUTTERFLY—Lovely shade of Indian oak with gold at base of petals.

MRS. HENRY MORSE—Silvery pink on inside with carmine pink on outside. One of the leading two tone roses.

RADIANCE—One of the great garden roses of the day. Always blooming. Brilliant rose pink.

RED RADIANCE—The outstanding standard deep red rose. None better.

LADY ASHTOWN—Splendid garden rose. Satiny buds and blooms of a deep shining pink.

TALISMAN—Buds are handsome. Mixture of orange yellow and red. 75c each, \$8.00 per doz. postpaid.

AMELIA GUDE—Charming buds of exquisite form and color. Orange and peach yellow.

BRIARCLIFF—Bud beautifully formed opening full and double. Brilliant rose pink.

CHAS. P. KILHAM—Brilliant coral red and orange. Splendid habit of growth with good foliage. Price 75c each, \$8.00 per dozen, postpaid.

DAME EDITH HELEN—Brilliant soft clear pink. Strong vigorous grower.

DIRECTOR RUBIO—Buds cerise scarlet opening to a large double bloom of a solid cochineal pink.

DAWN—Soft rose flesh with yellow base.

EDEL—Pure white full double blooms.

GARDEN GEM—Our new Rose. Soft satiny pink.

GAIETY—One of the fancy colored Roses of exceptional merit. Strong grower. Color a combination of pink, red, golden yellow, Indian red and brown. 75c each, \$8.00 per doz. postpaid.

JOHN RUSSELL—Immense crimson flowers of the old time globular type.

KOOTENAY—Creamy white, full and double.

MARIE DOT—Deep apricot darkened with orange.

MRS. E. P. THOM—Slender yellow buds and well shaped blooms of bright yellow.

PAX LABOR—Orange gold bud opening into a double page yellow bloom.

THE GENERAL—Leading red rose due to its color and form. Dwarf habit.

ORDER AS THE "DE LUXE" COLLECTION

10 FAMOUS DINGEE POT GROWN ROSES \$1.25 POSTPAID

The following great Roses comprise this collection. Each one will be correctly labeled. See various pages of the book for fuller descriptions.

CHARLES DINGEE—Without question the greatest Rose ever grown. Rose tint shading to pale blush, on previous page.

MADAME ABEL CHATENAY — Brilliant rosy carmine with shadings of deeper color. Particularly hardy and free in bloom.

SOUVENIR DE PIERRE NOTTING — Handsome apricot-yellow Rose, tinged with orange and the edge of petals shaded carmine-rose.

PAUL'S SCARLET CLIMBER—A splendid Cardinal Red climbing rose of thrifty habit, beautiful foliage; absolutely hardy.

LAURENT CARLE—Rich velvety carmine buds and flowers.

KOOTENAY—Color a creamy white, with a shading of flesh colors toward the center. Foliage very heavy, unaffected by disease.

CLIMBING PINK MAMAN COCHET — Hardy everblooming climbing Rose. Bloom same style and color as the old favorite Pink Maman Cochet.

PINK MAMAN COCHET—It bears masses of full deep-formed flowers singly, on long substantial stems. The color is a clear shade of rich pink, changing to silvery rose; of exquisite fragrance.

WHITE MAMAN COCHET — A magnificent snow-white Rose with a faint tinge of pale blush. The best white for open ground culture.

MAD. FRANCISCA KRUGER—A constant bloomer, especially suited to bedding. The flowers are deeply shaded coppery yellow in color, and are of large size.

A grand
Garden Rose

Famous Dingee Potted Rose Bushes

For Fall Planting

Briarcliff, A most superb pure pink new rose

Hybrid Teas, The Monthly Bloomers

As a class these are the most satisfactory of roses. They produce the most beautiful blooms, of all forms and colors—and continuously from early spring until heavy frost. Like the Hybrid Perpetuals, they are vigorous growers; hardy, but winter protection helps always. They are well adapted for growing in our temperate climates, but in zones of extreme winters need some protection. Their foliage is heavy and disease resisting, but, as with all roses, good soil, plenty of sunshine and syringing with water under pressure is most helpful.

Our collection of Hybrid Teas is extensive and complete. But the varieties offered on the following pages have been selected with an understanding of the needs of the amateur grower, and are varieties that have shown themselves to be well adapted for successful growing and free blooming.

Briarcliff

The best sport of Columbia yet produced, and one of the grandest roses that it has been our privilege to grow, and we have grown a large number of the roses that have been produced by all countries. Bud beautifully formed long solid but not too pointed, opening into one of the finest blooms that could be imagined. Very double and a brilliant rose pink. The plant is a splendid grower, free from diseases such as black spot and mildew. Flowers produced in a great abundance the entire season, on long stiff stems, making it ideal for cutting, as well as for a continuous garden display. Very large.

ROSE HILL—Sport of Columbia but superior in every way. Darker than Columbia, larger blooms, better foliage and grower. The buds and blooms are perfect in color and formation, being long pointed and solid, opening into a perfect bloom of immense size. Splendid grower, free from disease, producing an abundance of flowers the entire season. Color a pure rose pink of charming brilliance which does not lighten.

SILVER COLUMBIA The color is a clear shade of deep silver pink, deepening towards the center. The flowers are larger than Columbia, inclined to be flat, but magnificently formed on long, strong stems, which make it an excellent rose for cutting.

PRICE REDUCTION—First size plants of above varieties 25c each, 5 for \$1. 2 year old plants 55c each, 2 for \$1. Large specimen or 3 year old plants 85c each. All Postpaid, soil on roots.

Our New Rose, "Crimson Beauty"

Crimson Beauty

Our splendid new variety has health in abundance, grows clean, strong and sturdy, has no weaknesses and blooms in marvelous profusion, bearing its magnificent, crimson flowers, which have much of the form of "Gruss an Teplitz", throughout the growing season, so that the bush is literally covered early and late with its gorgeous crimson flowers. Roses of this type are in the greatest demand because of their health, beauty and permanency.

AMELIA GUDE—A cross between Columbia and Sunburst which has produced a charmingly beautiful yellow rose, outer petals reflexing deep yellow, center shading to a cream, very fragrant. Buds long and pointed, flower medium size. Upright grower and free bloomer. Hardy.

ETOILE DE HOLLAND—Flower bright, dark red of medium size, fairly full; deliciously perfumed. Growth vigorous, upright. A cross between General McArthur and Hadley. A rose of great future.

MME. GREGOIRE STAECHELIN—A new type of climbing rose from Spain. Cross between the popular variety Frau Karl Druschki and Chateau de Clos Vougeot. Long pointed buds of crimson at first, then as the blooms expand show splashes of carmine, with pear pink inside.

David O. Dodd

A Glorious New Bush Rose. A new crimson bush rose destined to supersede all other crimsons such as Etoile de Holland, Hawlmark Crimson and similar varieties. A magnificent rich crimson, flushed scarlet, with superbly formed buds, carried erect and opening into immense beautifully shaped flowers. Very free flowering; growth bushy and upright; hardy. A splendid crimson rose with no faults. Price first size plants 30c each, 4 for \$1. 2 year old plants, 85c each postpaid.

LADY ASHTOWN—Buds long and pointed borne singly on long, stiff stems. Color, solid carmine-pink of a pleasing shade with a yellow glow at the base of the petals. Center is high, flowers double and fragrant.

ROSE DAWN—Bud pointed, good size medium full. Color a soft rose flesh with yellow base. Good foliage, free from insects or disease. Profuse bloomer. Fragrant.

CITY OF LITTLE ROCK—Distinct and beautiful in color, a bright rosy pink or rose shaded Hydrangea pink. The buds which open perfectly are long of ideal form. Splendid grower, free bloomer. Delightfully fragrant.

PERLE VON GODESBERG—The color is a rich canary-yellow with shading of saffron. Flowers large, double of good form and substance.

NOTE PRICE REDUCTION—First size plants, above roses, 25c each, 5 for \$1. 2 year old plants, 55c each, 2 for \$1. except where noted. All Postpaid with soil around roots.

Grace N. Crowell

(H. T.)—Color a brilliant rose with petals heavily veined with vinous crimson while the base of the petals is shaded primrose yellow. Handsome buds opening into an immense perfect bloom, on long stiff stems.

WELLESLEY—A most magnificent garden Rose of a beautiful shade of pink, vigorous healthy grower; remarkably free-flowering.

MRS. CHARLES BELL—Lovely shell-pink buds and blooms of fine globular form with shadings of soft salmon, sweetly perfumed. Strong bushy plant bearing good foliage seldom attacked by disease. A sport of Radiance exactly like it except in color, making it soon to become as popular as the standard varieties Radiance and Red Radiance.

PREMIER—The blooms are immense, often measuring 5 and 6 inches across the open flower; buds long, full and pointed. Color rich, deep, rose-pink, without shadings.

HADLEY—In color it is a deep velvety crimson, retaining its brilliancy at all seasons of the year. The variety is double and buds are well formed. It is a strong, rapid grower.

METEOR—Very few dark Roses compare with this in richness and depth in color, which is a rich velvety crimson, shading very dark in the depths of the petals.

Jonkheer J. L. Mock

Sometimes called "The Giant Pink from Holland", this rose is very imposing and of the largest size. The buds are immense and of very fine form, borne on long, stiff stems. Color a clear imperial pink, reflexed petals of a lighter shade.

MRS. AARON WARD—Most exquisite buds of golden buff or fawn, opening to full, double, well formed flowers, of pinkish fawn. The plant does not grow large, but is dwarf and spreading, covered with heavy foliage that is immune from disease and insect pests. This is an excellent rose for the garden, for it requires little attention, blooms profusely, and is most useful for cutting and for the buttonhole.

New Rose Grace N. Crowell

E. G. Hill

Immense perfect blooms of crimson scarlet retaining its color well. Handsome pointed buds on erect stems, making it fine for cutting. Produces an abundance of blooms throughout the entire season. Foliage large and free from mildew and disease. Blooms very fragrant. Perfectly hardy and a splendid outdoor variety. Price first size plants 30c each, 4 for \$1. 2 year old plants 85c each postpaid.

GAIETY—Exceptionally fine grower producing a fine big plant in a short time. Foliage light green, free from black spot or mildew. Produces quantities of large round camillea-like flowers of combination of pink, red, golden yellow, Indian red and brown.

PRESIDENT HOOVER—Long, pointed buds on erect stems opening into large flowers of a very charming combination of cerise pink, flame scarlet and yellow with broad, thick petals; very fragrant.

MISS C. E. VAN ROSSEM—Velvety dark red, well formed buds, open flowers almost the same shade, reinforced with scarlet and black; fragrant. Strong plant, free flowering.

AMERICAN LEGION—The color is a pleasing shade of cerise, which is retained until the petals fall. Well formed buds, produced on long stems, make it a fine rose for cutting. Heavy, disease resistant foliage, little troubled with insects.

REDUCED PRICES—First size plants, above Roses 20c each, 6 for \$1. 2 year old plants, 55c each, 2 for \$1. except where noted. Postpaid.

Our Great New Pink Rose, "Garden Gem"

GARDEN GEM---Superb New Garden Rose

This great new bush rose introduced and for sale only by us is a remarkable rose—it has no disease of any kind. Absolutely free from Black Spot and kindred diseases that are so annoying and which are found so abundantly in nearly all the roses of recent origin. It has wonderfully clean, heavy foliage.

Its parentage is the finest of any rose in cultivation—a hybridization of "Mrs. E. T. Stotesbury"—a great American rose and "America", another great American (Hill) production. There is a royal parentage for you and this is a royal rose, fit to wear the diadem that belongs to the Queen of Beauty.

It is a marvelously strong, healthy grower under the most adverse conditions, thriving even in extreme heat—just a grand grower. As already stated there is no rose we know of to compare with it in the absolute healthy growth that characterizes it at all times. Of course it is but natural that it should be a magnificent bloomer, continuously bearing its beautiful, satiny pink flowers of lovely form on strong erect stems, making it one of the greatest of all roses, new or old, for garden cultivation and for cutting.

CRUSADER—Rich velvety crimson of bright hue and of massive form, this rose is one of the very finest of the reds. The flowers are very large, full, extremely double, with petals of splendid substance. Blooms borne singly on stiff stems. Plant grows moderately with splendid foliage.

RHEA REID—The color is vivid scarlet crimson and the flowers are marvels of beauty; large, bold and of splendid substance. Plant strong, sturdy, vigorous grower.

TALISMAN—A very much advertised and sensational rose. There do not seem to be two descriptions that fit it in all phases. Some speak very highly of it while others condemn it. It has one great redeeming feature and that is its disease resistant quality. We have found it a wonderful grower and bloomer. Buds are handsome of a mixture of orange yellow and red, a striking combination. Superb in early spring and in the late fall.

REDUCED PRICES—First size plants above roses, 25c each, 5 for \$1, 2 year old plants 60c each, 2 for \$1.10. Postpaid with soil left on roots.

A Super Rose "Francis Scott Key"

Francis Scott Key

It is by far the most popular red rose, for its glowing colors, its remarkable size, its fullness, its perfection of form, make it a greatly prized variety. The color is a rich, glowing scarlet, with darker shadings, becoming darker as the flower ages.

ROSE MARIE—One of the best bedding Roses grown, remarkably free-flowering, producing large, long ideal buds, which develop into full flowers of beautiful form, of a most pleasing clear rose-pink. Plants are of notable vigor and health.

WM. NOTTING—Blossoms fine, large, full and double and perfect formation. Color a bright rosy cerise, with a deeper center. Fragrant.

ETOILE DE FRANCE—The strong, upright bushes have beautiful bronze-green foliage, which is not subject to insect attacks. The bushes are blooming constantly, producing large massive, deep, full cup-formed flowers of clear red or velvety crimson.

MRS. F. B. PIERSON—Color hard to describe, cardinal red, or as described by New York experts a crimson rose flooded with sunshine. The buds are long, slender and pointed, of ideal shape and form, the flowers are deep, long petaled and very fragrant, borne on long strong stems. Fine, heavy dark green foliage.

Columbia

Almost thornless. Wonderful strong shoots four feet or more in length, each producing a magnificent bloom, often measuring six inches across the open flower. Color a deep peach pink, deepening into a glowing pink.

MRS. HENRY MORSE—Two contrasting tones of pink with an underlying yellow glow, double high centered. Hardy and very free flowering.

F. R. PATZER—Creamy buff, with the reverse of petals a delicate warm pink, and as they expand the color becomes a light orange pink.

MME. BUTTERFLY—Buds a lovely shade of Indian ochre, yellow at base; opening flowers perfect in form, brilliant in color and of delicious fragrance.

VIRGINIA R. COKE (Gruss an Teplitz)—Fiery crimson, shaded with a dark velvety sheen. The flowers are large and handsome, produced in continuous profusion throughout the season. Very vigorous, bushy grower, and because of its strong growing habits it should not be placed with other hybrid teas.

BRITISH QUEEN—White flower resembles Frau Karl Druschki, but with Tea form. Buds sometimes show a slight flush, which disappears as flower expands.

PRICES SLASHED—First size plants, above roses, 20c each, 6 for \$1.00; 2 year old plants 55c each, 2 for \$1.00. Postpaid with soil on roots.

The Ever Popular Red Radiance

Radiance

The color is almost a solid rose-pink, but with lighter tints and reflections. Flowers well formed, full globular in shape and very fragrant. The plant grows excellently and has wonderful blooming qualities. Splendid in every way. Excellent for bedding and lasts a long time when cut.

SCARLET GLORY—Vermilion scarlet, the most vivid self-colored rose yet produced. Good grower and very free bloomer with abundant dark green foliage which is not subject to mildew or black spot. The bloom is of good size and beautifully formed. A great garden rose.

MAD. ABEL CHATENAY — This splendid Rose is one of the very best of its color, rosy-carminé, with darker shade.

LAURENT CARLE—Beautiful, with extra large, handsomely formed, rich velvety carmine buds and flowers.

SUNBURST — A magnificent giant yellow forcing Rose, also well adapted for outdoor growing, being a vigorous and healthy Rose. Reddish-bronze foliage. Color a superb orange copper or golden orange, with a deep orange center.

MAD. JULES GROLEZ—The color is a distinct and charming shade of cherry-red. The fine form and attractive shape of the flowers make them excellent for cutting.

BARGAIN PRICES — First size plants all roses on this page, 20c each, 6 for \$1.00; 2 year old plants 55c each, 2 for \$1.00 postpaid with soil on roots.

Red Radiance

Very similar to Radiance and equally satisfactory. Large, globular, cupped blooms, of strong, clear red, with no trace of any other color. An exceptionally vigorous grower sending forth heavy canes, with healthy foliage.

ECARLATE—Moderate size flowers, of solid, brilliant scarlet, borne in wonderful profusion throughout the season.

KAISERIN AUGUSTA VICTORIA — Large buds of creamy white; the open flower delicate pure white with a drop of lemon at the center, very large and fragrant.

SALMON SPRAY—Salmon pink with carmine reverse. Flowers are of medium size and borne in clusters. Continuous and profuse bloomer. Good for cutting. Very unique. Growth very vigorous.

TEMPLAR—Bud medium size, globular; flowers medium size, double globular, very lasting. Vigorous, upright, abundant and continuous bloomer. A new forcing Rose which is making its way into the garden. Clear bright red, of exceedingly double form and with fine strong stems. Few thorns. Strongly perfumed.

LADY URSULA—An old standby of the highest quality. Bush is very strong and continuously produces its well shaped, pale pink blooms. Unsurpassed for bedding where a mass of flowers is desired all the time and very attractive when cut. Faint sweet fragrance.

The Great Pink 'Radiance' Rose

An unusual Rose
"Kootenay"

Kootenay

The buds are long and pointed, and of exquisite form, opening to large rounded flowers full and double. Color creamy white, with shadings of flesh colors towards the center. Foliage heavy, unaffected by disease and little troubled with insects.

MADAME SEGOND WEBER—One of the most beautiful roses, of ideal form. The long, pointed buds are pink or salmon-flesh and when fully expanded are immense in size, full and double; as the flower opens it

deepens until it fairly glows with its warm, deep pink. Highly fragrant. Very hardy and constantly in bloom.

JOHN COOK—A seedling of La France is noted for its profusion of bloom throughout the entire season. The buds form in clusters of two to six. The flowers are similar to La France in color, but it is a great improvement of that variety in its quick growth and freedom from black spot.

MAD. CAROLINE TESTOUT—In color, it is of a satiny rose, deepening to clear red in the center. One of the most dependable roses.

LOVELY KILLARNEY ROSES

Pink Killarney

PINK KILLARNEY—Is a beautiful Hybrid Tea Bush Rose, strong, sturdy and upright, with fine heavy, insect-proof foliage, bearing flowers that are simply exquisite in form and color; the bud is exceedingly long and the flowers immense in size; color deep, brilliant, sparkling shell-pink; hardy everywhere.

WHITE KILLARNEY—Identical with the parent variety, Pink Killarney, of which it is an offspring, except in color which is glistening white. Like Pink Killarney, its great charm lies in the beautiful shape of its buds.

YELLOW KILLARNEY (Mme. Jenny Gille-mont)—A brilliant saffron yellow rose, opening canary with dark golden shades. The buds are long and pointed. Hardy, vigorous, constant blooming.

PRICES CUT—First size plants, roses above, 20c each, 6 for \$1.00; 2 year old plants 55c each, 2 for \$1.00 postpaid with soil on roots.

DINGEE EVERBLOOMING TEA ROSES

This class of Roses is famous for its lovely blooms of delicate beauty, soft refined colors; subdued, yet powerful fragrance. Constantly in flower, it has a place in all gardens. The Tea Rose, introduced into Europe from China in the early part of the nineteenth century, is the parent of all our everblooming Roses, and as the foundation of all the great Roses of today, has a warm spot in the hearts of all rose-lovers. And never has the marvelous beauty of the Teas been surpassed.

It must be pointed out that the Tea Roses are not as hardy nor as vigorous growers, as the Hybrid Perpetuals, or the Hybrid Teas. In the northern climates of extreme cold even the hardier kinds, such as Charles Dingee, must be given some protection in winter.

The Famous "Charles Dingee"

CHARLES DINGEE

THE MOST WONDERFUL ROSE IN THE WORLD

To honor the name of Charles Dingee, we have produced a Rose better than any other variety in cultivation. We say, without fear of contradiction, that the Charles Dingee Rose is far-and-away the best garden Rose for general planting in the world.

The Charles Dingee Rose is the result of cross-breeding between *Hermosa*, that grand old hardy pink variety, and *White Maman Cochet*, perhaps the greatest of all white garden Roses. It is grown to perfection in almost any soil or situation. Most magnificent foliage, absolutely free from disease. Growing to a height of 2 to 3 feet, Charles Dingee blooms continuously, producing immense, deep, double, grandly formed flowers on long, stiff, erect stems. It is practically impossible to describe the delicate blending of colors—rose tints in the centers of the flowers, gradually shading off into pale bluish creamy white, a color effect both entirely new and distinct, exquisitely beautiful.

FREIHERR VON MARSHALL—

It has wonderfully beautiful foliage and produces large, full, beautifully shaped flowers, which are borne in profusion all through the season. The color is bright red.

IVORY—A sport of Golden Gate. Color pure white without a particle of any other color. Good grower.

BON SILENE—A grand Old Rose. The color is a deep rose, changing to pale light rose. Charming cup shaped blooms, borne freely. Very sweetly scented.

BLUMENSCHMIDT — A splendid bedding Rose of the Cochet type, glowing all summer with wealth of citron-yellow.

MRS. CAMPBELL HALL—Delicate creamy buff, edged or suffused rosy-carmines.

THE BRIDE—There is no other white Rose more satisfactory than the Bride. The buds and flowers are unusually large, well formed and deliciously perfumed. Strong and healthy grower and a profuse bloomer.

BRIDESMAID—This variety is valuable for cutting and does finely in the open ground; a sport from the old and popular pink Tea Catherine Mermet, but of a fine, clear, dark pink, much deeper and more constant in color than Mermet.

LADY PLYMOUTH—Color is delicate pearly but deep ivory cream, faintly flushed.

MRS. B. R. CANT—Strong growing variety, producing heavy stems, with large, healthy foliage and flowers almost the equal and style of Helen Gould, but more double; deep rose, with silvery rose center.

NEW LOW PRICES—First size plants, roses above, 15c each, 8 for \$1.00; 2 year old plants 45c each, 3 for \$1.25 postpaid with soil on roots.

DINGEE EVERBLOOMING TEA ROSES

ALEXANDER HILL GRAY

After a thorough trial both indoors under glass and in the open ground, we are pleased to offer this lovely yellow Rose to our customers as one of the very best of its class and color. The color, which is a deep lemon-yellow, deepening as the flower expands, does not fade in the open ground, as is usual with such. Buds and blooms of perfect formation and of great substance, are produced in the greatest abundance throughout the entire season. Strong grower and hardy everywhere. This Rose was awarded Gold Medal by the National Rose Society. Illustration above fails to do it justice.

SOUV. DE PIERRE NOTTING—

Strong, bushy habit, and has won numerous gold medals and awards of merit. The flowers are very large, well filled and open easily; color apricot-yellow tinged with golden and mixed with orange yellow, edge of petal shaded carmine-rose. In form and beauty it is the equal of Maman Cochet, and by many is regarded as the best all around Rose for general cultivation.

MARIE VAN HOUTTE—The color of the flowers, which are large, full and double, is pale canary-yellow.

WM. R. SMITH—The soft blending the magnificent flesh tints resemble the blush of a maiden's cheek. Bush is vigorous and spreading and blooms freely all season, foliage, fine healthy.

PERLE DES JARDINS—The color is a clear golden-yellow, of a beautiful shade; the flowers are large, full, of globular form.

MADAME WELCHE—Color, amber yellow, deepening toward the center to orange or coppery yellow, very delicately clouded with pale crimson.

PRICE REDUCTION—First size plants above roses, 15c each, 8 for \$1.00; 2 year old plants, 45c each, 3 for \$1.25 postpaid with soil on roots.

White Cochet Rose

EVERBLOOMING TEAS--

Pink Maman Cochet

The Queen of all Pink Garden Roses. The buds are large, full and firm, elegantly pointed, showing depth and richness as they expand. The superb flowers open perfectly double, are extra large and of splendid substance.

WHITE MAMAN COCHET—A most magnificent snow-white Rose, with sometimes a faint tinge of pale blush. It has the same freedom of bloom as the Pink Cochet, the same magnificent form of buds and flowers, and the same hardiness—standing at the very head of all Roses as the best white kind for open ground culture.

YELLOW MAMAN COCHET—A typical Cochet Rose, with gracefully molded buds, flowers, magnificent when open, on stiff, strong stems. This kind is identical in every way with Pink and White Cochet, color a deep sulphur yellow.

Baby Rambler Roses

A conspicuous group is composed of the **Baby Ramblers**, so called because of the resemblance, in dwarf (12 to 18 inches), to the ramblers, with blooms produced in large, many flowered clusters. Absolutely hardy.

Baby Doll or Tip Top

The flowers are miniature in size but magnificent in form and produced by the hundreds. Exquisite for cutting or bouquets and bedding purposes. Makes a magnificent show in the open ground, always blooming from early spring until late fall. The tips of the petals are vivid scarlet, then mellowing down through shades of pink into saffron, lavender and gold, finally into deep old gold, a combination extraordinary and pleasing. Foliage slender and produced in abundance.

MLE. CECILE BRUNNER—Rosy pink on rich creamy white ground; a great bloomer.

BABY TAUSENDSCHON — Flowers firm, white, delicately flushed pink, changing to deep rosy-carmine.

GEO. ELGER—It produces great quantities of lovely little buds of golden-yellow.

ORLEANS—Brilliant geranium red flowers, suffused rose, rosy-white center.

LAFAYETTE — Very attractive large, bright crimson-scarlet.

GRUSS AN AACHEN—Yellowish rose colored with salmon pink and red shadings. Blooms larger than the average.

ELLEN POULSON—Dark brilliant pink.

CLOTHILDE SOUPERT—Strong, dwarf grower, wonderful bloomer, producing clusters after clusters of the finest formed flowers. Full and double, and deliciously sweet, ivory white, shading toward the center to silvery rose.

LADY HILLINGDON—Apricot yellow shaded to orange on the outer edge of the petals, becoming deeper and more intense toward the center of the bloom. The color does not fade after the bloom is cut, but invariably becomes darker.

CATHERINE MERMET—One of the best varieties of Tea Roses. A very free bloomer, producing clear, shining pink flowers, the center being shaded fawn and amber.

QUEEN'S SCARLET—A constant and profuse bloomer; color, velvety scarlet.

SAFRANO—The color is a bright apricot-yellow, passing to orange and fawn, sometimes tinted rose.

MAD. FRANCISCA KRUGER—The flowers large, deeply shaded coppery yellow in color.

NEW LOW PRICES—First size plants, all roses on this page, 15c each, 4 for 50c; 2 year old plants 45c each. 3 for \$1.25 postpaid with soil on roots.

Dainty Baby Doll

DINGEE HARDY CLIMBING ROSES

Hardy Climbing Roses have the popular call. They have become an absolute necessity for beautifying the home, for training over porches, verandas, trellises and pergolas, and they make most beautiful flowering hedges when trained on low supports. All the Climbing Roses in our unequalled list are on their own roots—a most vital point in a Climbing Rose. Some are absolutely hardy in the coldest parts of the country, while others, growing luxuriantly in the middle and southern sections, require some slight protection in the north. Liberal planting is particularly recommended for this class of Rose, for, when once planted, they last a life time, growing more beautiful year after year. They are pot-grown and in the right condition.

Paul's Scarlet Climber

Vivid scarlet shaded slightly crimson, but almost a flaming scarlet, a most pleasing and striking color. Makes a brilliant display for a long time in the garden.

CHRISTINE WRIGHT—Blooms are produced singly and in large clusters, each bloom perfect in form and from 3 to 4 inches in diameter. Color an exquisite shade of bright wild-rose pink.

KEYSTONE—The open flower of Keystone is perfectly double, with buds beautifully formed. It is a deep lemon-yellow Rose, similar to Coquette de Lyon.

DR. W. VAN FLEET—Flowers when open run four inches and over in diameter. The center is built high, petals beautifully undulated and cupped. The color is a remarkably delicate shade of flesh-pink.

TAUSENSCHON (Thousand Beauties)—One of the most beautiful climbing Roses. Colors run from delicate balsam to bright rose and carmine.

MARY WALLACE—Flowers very large, usually exceeding 4 inches across; well formed semi-double, of a bright clear rose-pink with salmon base to the petals.

AUNT HARRIET—Dazzling scarlet crimson Roses loading every branch.

DR. ROBERT HUEY—Dark crimson of great brilliancy.

CLIMBING WHITE MAMAN COCHET—Exquisite white.

CLIMBING PINK MAMAN COCHET—As free blooming as the Coquets.

VIOLET BLUE—The flowers are borne in loose clusters and are of a delightful shade of blue.

WHITE DOROTHY PERKINS—A very rampant grower.

Paul's Scarlet Climber

BIRDIE BLYE—One of the Ever-blooming hardy climbers. Always in bloom. Perfectly hardy. Good strong grower. Foliage bright glossy green and free from insects or disease. Blooms full and double, over three inches in diameter. Color a bright carmine, changing to bright rose.

ROSARY (Pink Tausendschon) — This is a bright pink form of Thousand Beauties.

JACOTTE—Color deep coppery yellow, tinted coppery red, borne several together on long stems. Very fragrant.

DOROTHY PERKINS—A brilliant pink rambler Rose, flowers with prettily crinkled petals, borne in splendid pendulous sprays. Very long slender canes and pretty foliage. A fine hardy variety.

PRICES REDUCED—First size plants of all roses above, 15c each, 2 for 25c; 2 year old plants 45c each, 3 for \$1.25 postpaid with soil on roots.

DINGEE HARDY CLIMBING ROSES

Climbing Gruss an Teplitz

This is the hardest of the everblooming Climbing Hybrid Teas. It blooms throughout the season, and is exceptionally satisfactory. Vigorous grower; heavy foliage, somewhat subject to mildew. Sometimes it happens that this fine climbing Rose does not become established as quickly as other sorts, but given attention it will produce a profusion of blooms of that fine dark crimson of its parent plant, the bush variety of the same name.

EXCELSA—Crimson maroon with the tips of the petals scarlet.

CLIMB. AMERICAN BEAUTY—A real American Beauty of a climbing habit. Sturdy as an oak. Color, glowing red.

SILVER MOON—Color is brilliant silvery-white with a mass of golden-yellow stamens in center.

BESS LOVETT—Resembles Climbing American Beauty in shape of bloom, but is very much brighter in color and much more fragrant. Flowers are clear bright red, of good size, and of double, full, cupped form lasting a long time.

CLIMBING CLOTHILDE SOUTHERN—The ivory-white color, shading toward the center to silvery-rose, gives an effect that is indescribably beautiful.

LADY GAY—Vigorous grower. Flowers a delicate cherry pink fading to soft white.

Climbing Gruss an Teplitz

JEAN GIRIN—The flowers are similar in form and color to the pink Dorothy Perkins. After giving a mass of bloom in June it blooms again.

RUGOSAS---"STURDY AS OAKS"

These are the only everblooming roses which can be called absolutely hardy. Their growth is extremely vigorous, resulting in sturdy, compact bushes four to six feet high. Wrinkled leathery foliage, of a dark shiny green, unaffected by insects or disease. They thrive under all conditions, and are indispensable where ever plants requiring little attention are desired.

SIR THOMAS LIPTON—The best pure white Rugosa Rose. Strong and vigorous, grows 4 feet high. Flowers double of good size and unusual quality borne in utmost profusion.

CONRAD FERDINAND MEYER—Strong grower; perfectly hardy; flowers large; well filled, fragrant. Silver rose.

NEW CENTURY—Bright, rosy pink,

with red center, with petals widely bordered with creamy white.

F. J. GROOTENDORST—This is a new type of Rose which might properly be called a Rugosa Baby Rambler, it being a cross between Rugosa and the crimson Baby Rambler. Imagine a shrub-like Rugosa Rose covered with trusses of crimson Baby Rambler Roses and you will have a fair conception of this new hybrid variety. 2 year plants only.

NEW LOW PRICES—First size plants, all roses above, 15c each, 2 for 25c. 2 year old plants 45c, 3 for \$1.25 postpaid with soil on roots.

DECORATIVE HOUSE FERNS

TEDDY JR. — The fronds are broad and beautifully tapered from the base to the tip, drooping just enough to make a graceful plant. Compact, and thrives under most any condition.

ROOSEVELT — Resembles the Boston Fern, but produces many more fronds, thus making a handsomer and busier plant.

JACKSONII — Extremely strong grower. Resembling Sword Fern, quickly forming a large upright.

THE BOSTON FERN — This Fern differs from the ordinary Sword Fern in having much longer fronds, which frequently attain a length of six feet drooping gracefully over the side of the pot or jardiniere.

Price of all Ferns above in extra strong pot plants, 15c each, 2 for 25c; large plants from 4 and 5 inch pots, 75c each, postpaid.

ASPARAGUS SPRENGERI — For pots, vases or hanging baskets. The long, slender branches droop most gracefully, emerald-green fronds. 15c each; 4 for 50c, postpaid.

Beautiful Verona Type Fern

VERONA — The fronds are very fine and fluffy. Known as Lace or Baby Breath Fern. Dwarf or compact.

ASPARAGUS PLUMOSUS — Foliage surpasses a Maidenhair fern; in grace and finish resembles the finest lace. Elegant for cutting. 15c each; 4 for 50c postpaid.

Dingee Hardy Violets

PRINCE OF WALES — One of the best. The large blue, single flowers are deliciously fragrant.

FREY'S FRAGRANT — The flowers rich dark purple, erect on long, strong stems. For freedom of bloom this new variety outclasses all others. Price, strong plants, 2 for 25c; any 12 for \$1.50 postpaid.

Pot Hydrangeas

Excellent for pot culture for blooming indoors during the winter. The foliage keeps dark green throughout the winter, making them an ideal decorative plant. They can also be planted outdoors as they are hardy.

OTAKSA — Rich pink, changing to snow-white and blue.

AVALANCHE — Large corymbs of pure white flowers.

GENERAL DE VIBRAYE — Large heads of bright rose.

Price, 25c each; five for \$1.00, postpaid; large specimen plants from 4 to 6 inch pots, 75c each.

Dingee Calla Lilies

LILY OF THE NILE — Grand white flowers. Strong plants 20c each, postpaid.

NEW YELLOW CALLA — A grand novelty. Large fragrant yellow flowers. 25c each, postpaid.

EVERBLOOMING CALLA GODFREY (Dwarf) — In bloom all the time. Fine. 20c each, postpaid.

SPOTTED CALLA — Leaves dark, rich green, dotted with white. Beautiful white flowers with deep black throat. 20c each, postpaid.

SPECIAL OFFER — One each of the 4 Callas offered above sent postpaid for 75c.

Dingee Calla Lily

Choice Geraniums

Strong plants from 3 inch pots, single or double varieties, 15c each; 2 for 25c; \$1.50 per doz., prepaid.

CHOICE DOUBLE
ALPHONSE RICARD—Semi-double; or orange-red.

JULES VASSEUR — Bright scarlet, white center.

JEAN VIAUD — Soft pink, white blotches.

BERTHE DE PRISCILLA—Dwarf habit. Fine bedder. Bright silver rose-pink.

JOHN DOYLE—Rich scarlet. Very effective.

MME. RECAMIER — Pure white. Strong grower. One of the best whites.

MME. BUCHNER — Snow-white; vigorous.

S. A. NUTT—Rich, dark crimson, superb.

BEAUTE POITEVINE — Bright salmon pink.

SINGLE GERANIUMS

LA FAVORITE—Snowy-white; fine.

GRANVILLE—Deep rose-pink with white blotches on upper petals.

Geranium, Jean Viaud

JACQUERIE—Deep carmine-red.

FEUER—Brilliant crimson-red. Dwarf growth.

Pompon Chrysanthemums

For fall planting. These are entirely like perfectly double flowers, making an autumn. Price, strong field grown plants,

LILLIAN DOTY—Shell pink.

MRS. WM. BUCKINGHAM—Single. Rosy pink.

EDINA—Beautiful rose pink.

CHRISTMAS GOLD—Very bright yellow.

FAIRY QUEEN—Rose pink.

BABY—Small. Yellow.

IVA—Amber. Medium size.

KLONDYKE—Brilliant yellow. Compact blooms.

hardy and produce hundreds of button excellent show. Last until late in the 2 for 25c; \$1.50 per doz., postpaid.

MIRAMAR—Bronze. Fine form.

GODFREY—Late; light pink.

DIANA—Late; pure white.

LARGE FLOWERING CHRYSANTEMUMS

These produce enormous, massive flowers of most beautiful colors and perfect shape.

Price, strong field grown plants, 2 for 25c; \$1.50 per doz., postpaid.

DR. ENGUEHARD — Beautiful true pink. Ball shape.

CHAS. RAGER— Early. A pure white variety.

MAJOR BONAFFON — Golden-yellow. Ball shaped.

SUN GLOW—Bright yellow. Fine large flowers.

PACIFIC SUPREME — Pink, large, handsome.

ROBERT HALLIDAY— Yellow; large size.

UNAKA— Early. Large pink.

WHITE CHIEFTAIN— Midseason. Light pink.

OCONTO— Early midseason white. Large, handsome.

GOLDEN GLORY — Bright golden yellow. Early.

PINK CHIEFTAIN — Midseason. Pleasing pink.

WHITE PATTY— Late white.

BRONZE UNAKA—Very attractive golden bronze.

Pompon Chrysanthemum

Hardy Perennials

ASTILBES OR HERBACEOUS SPIREA

These hardy perennial herbs give such a striking effect to any hardy border or if planted as individual specimens in yard or garden. Graceful habit of growth producing tall spikes of delightfully feather heads of flowers during June and July. Easily grown and when planted in the Fall bloom the following spring. We offer strong potted plants of the leading varieties.

AMERICA—Deep pink.

GLADSTONE—Immense trusses of snow white flowers.

RUBENS—Rosy red. Handsome feathered spikes.

PEACH BLOSSOM—Rose pink. Price, strong pot plants, 50c each; 6 for \$2.50, postpaid.

Astilbe

Miscellaneous Perennials

YUCCA FILAMENTOSA, Spanish Bayonet—A low growing evergreen plant with narrow leaves. The flower stalk is from 2 to 4 feet high and rises from the center. Creamy white, bell-shaped flowers. 25c each.

FUNKIA (Day Lily) Subcordata Grandiflora—White Day Lily. Handsome spikes of large, waxy-like blossoms, with an odor like that of orange blossoms, and large broad, glossy, light-green foliage. One foot to 18 inches. 25c each.

FUNKIA AUREA VARIEGATA—Flowers purplish-lilac; leaves beautiful, variegated green and gold. 2 feet. 25c each.

RUDBECKIA, GOLDEN GLOW—Grows 6 to 8 feet high, branching freely and bearing by the hundreds on long graceful stems exquisite double flowers of golden yellow. 20c each; 6 for \$1.00.

Regal Lily

Lilium Regale

Truly a regal beauty. The flowers are white, slightly suffused with pink with a beautiful shade of canary-yellow at the center, blending out part way up the trumpet. The fragrance is delightful, similar to the jasmine. A splendid hardy Lily for the garden, flowering about July 1. The easiest Lily to grow. Strong pot plants 20c each, 6 for \$1.00; large bulbs 50c each.

LILY CANDIDUM—The old white garden Lily (Madonna), a splendid sort; elegant large pure white flowers in clusters. We offer none but extra-large bulbs. 30c ea.; 4 for \$1.

HARDY NARCISSUS or Daffodils of Spring—Superb mixture of all sorts and colors. 50c per doz.; \$4.00 per 100, postpaid. Six at do en rates.

TRITOMA OR RED HOT POKER—Blossoms from August to October with spikes 3 to 4 feet and heads of bloom of a rich orange scarlet. Strong field-grown stock 50c each, postpaid.

DAPHNE CNEORUM (Garland Flower)—This wonderful little evergreen plant has become very popular within the last few years, due to the beautiful pink color and pleasing fragrance of its blossoms. In May it is covered with flowers. Later in the fall it will flower again; they are not affected by frost, and frequently can be picked in early December. It grows about one foot high but spreads over a space of two to three feet.

We can supply well-developed plants, above Daphne, 10 to 12 inches, at \$1.00 each, postpaid.

WINTER BLOOMING CARNATIONS

Lovely Dingee Carnations

ARCTIC—Fine white, large flowering.

IVORY—Beautiful creamy white.

Everybody wants the new varieties of large flowering carnations because of their strong, healthy growth and lovely flowers which are produced all season long in greatest abundance. Exquisite clove fragrance. Grows splendidly in pots indoors in winter. Have your own year around supply of superb flowers like you buy in florist shops.

Price: Strong field plants 25c each, any 5 for \$1.00, postpaid.

AVIATOR—Best standard crimson.

HARVESTER—Superb pure white.

PINK ENCHANTRESS — Large, deep pink.

RADIUM— Beautiful red, fine large bloom.

GOLDEN GLOW — Fine bright yellow.

CHEERFUL— Deep, pink large flowers.

Evergreen Boxwood

Dwarf evergreen boxwood for edging walks, flower beds, etc. May be kept trimmed to any shape or height desired and always green. We offer the two varieties. The old English Box, *Sempervirens Suffruticosa* and the *Buxus Sempervirens* or the more robust growing boxwood. We offer strong plants 10 to 12 in. field grown. 50c each; 3 for \$1.25, postpaid; \$25.00 per 100, by express.

Hardy Azalea Hinodegiri

Among the most gorgeous of all hardy shrubs, bearing large flowers of fine shape. The beautiful color makes an attractive showing when in bloom in early spring. The bush is just one mass of flowers. Evergreen and entirely hardy. Dwarf grower, making a bush in time of from 12 to 24 inches high and about the same in diameter. Flowers bright scarlet. Strong potted plants 8 to 12 inches, \$1. each, postpaid.

Dingee Hardy Perennial Phlox

Diversified and brilliant colors, profuse and continuous bloom and adaptability to almost any situation or soil, place Hardy Phlox in the front rank of desirable flowering plants. Being perfectly hardy, once planted they improve and multiply in vigor and beauty each successive year.

Price, strong field plants, ready to plant any time, 25c each; any 5 for \$1.00; \$2.50 doz. of one or more varieties postpaid.

BEACON—Brilliant cherry red. 36 inches high.

Flower heads are carried on strong stems. One of the best of its color.

ELIZABETH CAMPBELL—Light salmon pink with lighter shadings toward center of the flower. Decidedly the finest Phlox of its color.

MRS. JENKINS—Pure white. Late flowering. Splendid grower and free bloomer.

RHEINLANDER—Large flower heads on good stems. Color beautiful salmon pink.

B. P. STRUTHERS—Light cherry red, shaded salmon.

GEN. VAN HEUTZ—Salmon red, grayish white eye.

GRIDEUR—Deep rose.

SUNSET—Dark rosy pink.

W. C. EGAN—Delicate lilac pink, rosy center.

ECLAIREUR—Purplish crimson, light center.

MRS. CHAS. DOOR—Beautiful shade of lavender.

ISABEY—Salmon pink.

Mixed varieties, 2 for 25c; 9 for \$1.00, postpaid.

Hardy Phlox

Plant Peonies Now

Peonies ought to be planted in the fall. Once planted they last a lifetime. Hardy everywhere. Our collection is unsurpassed in America. Prices strong roots, include postage.

2-YEAR-OLD ROOTS, POSTPAID. BLOOM NEXT SPRING

For \$1.00 we will send you 3 strong roots, 3 different colors, White, Pink and Red. Worth many times the price.

Order as the "Peony Collection."

Double Japan Snowball

Everblooming Hydrangea

The New Everblooming Hydrangea is, as its name implies, constantly in bloom from early in June until frost, and is one of the most important additions in the way of hardy shrubs ever introduced. All summer long it bears great clusters of white flowers, much like the tender Hydrangea in size and form; it will grow to perfection in partial shade, making it most valuable for massing under trees or growing on north side of house.

Philadelphus or Mock Orange

BOUQUET BLANC—Dwarf growth with long slender branches densely covered from base to top with sweet-scented double flowers of creamy-white. In fact the flowers are borne in such great profusion as to totally obscure the plant.

NEW PHILADELPHUS ("Virginal")—One of the most beautiful, new ever-blooming varieties. It also makes wonderful individual specimen plants on the lawn. A vigorous tall grower with very large double-crested flowers with round petals.

Weigela

FLORIBUNDA—6 to 8 ft. Erect grower. Beautiful red flowers.

ROSEA—Large deep rose.

VARIEGATED LEAF—Green leaves, pure white.

AMABILIS—4 to 6 ft. Deep rose colored flowers.

MAD. LEMOINE—4 to 6 ft. White flowers with delicate blush.

Sweet-Scented Shrub

CALYCANTHUS FLORIDUS, CAROLINA ALLSPICE—3 to 6 ft. Flowers dark reddish brown and very fragrant and borne freely.

Hardy Shrubs for Fall Planting

They are absolutely hardy, and, once planted, last indefinitely, increasing in size and beauty year after year.

Double Japan Snowball

VIBURNUM PLICATUM—Blooms in early June, when the whole bush is loaded down with great, compact balls of pure white, double flowers. They are borne in such profusion that the entire plant appears one dense mass of bloom; the tree grows erect and bushy, 6 to 8 feet high, with deep green leaves peculiarly crimped and crinkled. Wondrously beautiful.

Spirea-Meadow Sweet

(Prices at bottom of page)

BILLARDI—Spikes of rose-colored flowers; blooms profusely.

PRUNIFOLIA (Bridal Wreath)—Double pure white flowers.

VAN HOUTTE—The bushes form fine, compact clumps. The pure white flowers are borne in great masses.

PERPETUAL BLOOMING CRIMSON SPIREA, Anthony Waterer—It makes a low, compact bush, 15 to 18 inches high. Large umbels of deep crimson flowers.

Kolkwitzia Amabilis

(Beauty Bush)—An exceedingly handsome new ornamental shrub from the wilds of China, resembling the Weigela and Honeysuckle to which it is allied. Growing 6 to 8 feet high at maturity with long arching branches, this variety combines all the merits of a perfect shrub; hardiness, year around beauty of foliage and habit, and an amazing profusion of pale pink bell-shaped flowers in June. Strong plants 12 to 15 inches high, 75c each postpaid.

Everblooming Hydrangea, Arborescens Grandiflora

Price of all hardy shrubs on this page, except where otherwise noted: one-year-old size, 20c each; 6 for \$1.00, postpaid; two-year-old size, 50c each; \$5.50 per dozen, postpaid; three-year-old size, \$1.00 each; \$10.00 per dozen by freight or express not prepaid.

[illegible]

Hydrangea Paniculata

For yard, lawn and hedge planting and for screens. Attains a height of 5 to 7 feet; hardy in all localities; blooms the first and every season in July and August and continues in bloom for two or three months; the flowers are massive, cone shaped, often measuring 10 inches in length, changing from pure white to pink, and finally to beautiful rich, copper-red. One year plants 20c each; 6 for \$1.00; two year size 50c each; \$5.50 per dozen, all postpaid. Immense plants \$1 each; \$10. per doz. by Express or Freight.

Hydrangea Paniculata Grandiflora

Lily-of-the-Valley

The graceful spikes with the dainty pure white bells, are a delight to the eye, and their delicate fragrance is exquisite. Plants succeed almost anywhere, but prefer a partly shaded situation and rich soil. Strong-flowering crowns. Three for 25c; 75c per dozen; \$6.00 per 100, postpaid.

Hardy Ornamental Grass

For ornamental purposes these grasses are strikingly original in effect and impart a tropical brilliance to the landscape. The plumes are lovely for indoor decoration.

E. JAPONICA VARIEGATA —

Blades are creamy white in the center. Price 20c each, 6 for \$1.00.

English Ivy

A splendid climbing climber with dark glossy green leaves; clings firmly to stone, brick or wood — its without trellis or support, and it will climb 20c each; 6 for \$1.00 postpaid.

German Iris

German Iris

The memory of the "Blue Flag" of the old-time gardens is one ever sweet to those whose lives were lived in such surroundings, and while the "modern" Irises, if we may use the term, will remind one of the old days, they, too, like everything else of these days have yielded to the influence of improvement, and there has been evolved a race of flowers absolutely bewildering in glory of their form and color.

CANARY BIRD (Flavescens) — Lovely pale yellow.

DARIUS — Yellow and lilac.

HONORABILIS — Deep yellow; mahogany falls.

FLORENTINA ALBA (Silver King) — Early white.

INGEBORG (Interregna) — Immense white; extra early.

MRS. H. DARWIN — White, violet veining, rather dwarf.

LOHENGRIN — Foliage and flowers immense, of a deep violet mauve, almost pink; a wonderful flower.

QUEEN OF MAY (Rosy Morn) — Lovely rose lilac.

MADAME THIBAUT — White, bordered rose lilac, companion to Mad.

Chereau; edge more pinkish.

CHERION — Standard lilac-mauve; falls violet-mauve.

Price Iris, strong field-grown roots, 15c each; 8 for \$1.00 postpaid. Mixed varieties 10c each; \$1.00 per doz.

Clematis Paniculata

The flowers are pure white and are borne in great panicles or clusters of bloom, fairly covering the plants, so that it is a mass or sheet of fleecy white with an exquisite fragrance. It begins to bloom late in August the first year. Hardy in all sections of the country. Strong plants in pots. 20c each, 6 for \$1.00. Strong, 2 year old field grown plants, 50c each, postpaid. Heavy 3 year old roots, 75c each, postpaid.
